

## Your future at your fingertips: cooperative, international, global Senior Software Engineer (m/f/x)

MIC is leading worldwide in the automation of global customs and trade compliance processes. With our software solutions, we ensure safe and efficient customs clearance within the legal frameworks for more than 700 customers - like VW, Zalando, IKEA, Panasonic - on 6 continents.

Become a part of our „Content Team“ and be involved in the development of new modules and features for the MIC Software Suite and use your experience to help us develop solutions.

### Your job

- 🌐 As part of an agile team, you will be responsible for the development and improvement of our products - from analysis to release
- 🌐 As a Senior Software Engineer, you will maintain existing software modules (e.g. analysing bug reports, bug fixing and refactoring) and perform code reviews
- 🌐 In addition, you are responsible for testing new or modified software and creating unit, integration and system tests
- 🌐 You ensure that non-functional requirements are met (e.g. usability requirements are met (e.g. usability, performance)
- 🌐 You help the support team (3rd level) with root cause analyses of customer issues
- 🌐 Your tasks will include maintaining and improving builds and to ensure continuous integration
- 🌐 The creation of user documentation and technical documentation complete the field of your responsibilities
- 🌐 With your experience you will support Junior Software Engineers

### Your skills and qualifications

- 🌐 Completed education in IT (vocational high school for IT, Bachelor's or Master's degree)
- 🌐 At least 3 years of professional experience in agile software development
- 🌐 Good Java skills (ideally: Basic PL/SQL skills)
- 🌐 Independent and structured way of working; teamplayer
- 🌐 Strong quality awareness & analytical skills
- 🌐 Fluent in English (written and spoken) and ideally good German skills

### We offer you

- 🌐 Privately owned, stably growing company with HQ in Linz/Austria
- 🌐 World market leader with 11 offices on 3 continents
- 🌐 Cooperative, appreciative and respectful teamwork
- 🌐 International context with multinational customers
- 🌐 Professional on-boarding, MIC Academy training
- 🌐 Individual career paths
- 🌐 State-of-the-art work environment and approach: Scrum, Kanban, Pair-Programming, Coding Dojos, etc...

### Compensation

We are legally required to mention the compensation for this position. We offer a minimum salary of € 53.000 gross/year (38,5 hours/week, no All-in contracts) plus an employee bonus and numerous other benefits. Of course, we are adapting the compensation according to your experience and qualification. week; no all-in contracts) plus a general employee bonus and numerous benefits.
