

Your future at your fingertips: cooperative, international, global Agile Software Engineer (f/m/x) Product Development

MIC is leading worldwide in the automation of global customs and trade compliance processes. With our software solutions, we ensure safe and efficient customs clearance within the legal frameworks for more than 800 customers - like VW, Zalando, IKEA, Panasonic - on 6 continents.

You are a Software Engineer and want to work within an agile product development team?
Then join us, shape the future of our product suite and continue to develop your professional skill set.

Your job

- 🌐 As an agile developer you are part of a self organized Scrum-team and work on continuously improving our MIC-Product Suite together with other (Senior) Engineers
- 🌐 At MIC you work mainly with JavaEE and Oracle Databases (PL/SQL)
- 🌐 Depending on different teams and your personal preference you will also get to work with technologies like React, Kubernetes, Quarkus, Python, etc.
- 🌐 You plan new features within the team and implement them in bi-weekly sprints with a big emphasis on stability and long term quality of our software
- 🌐 You have exciting development perspectives such as Senior- or Lead Software Engineer, IT Project Manager and more

Your skills

- 🌐 Completed education in IT (vocational high school for IT, Bachelor's or Master's degree)
- 🌐 Relevant working experience
- 🌐 Good Java and Database skills
- 🌐 Knowledge in the area of CI/CD and Container-Technologies are a plus
- 🌐 Cross-functional team player
- 🌐 Independent and structured way of working
- 🌐 Strong quality awareness & analytical skills
- 🌐 Fluent in English (written and spoken)

Our offer

- 🌐 Privately owned, stably growing world market leader with 11 offices on 3 continents
- 🌐 International context with global players as customers
- 🌐 Cooperative, appreciative and respectful culture based on diversity, equal treatment and fair pay
- 🌐 Your personal training plan, organized by the MIC-Academy, as well as your mentor support your professional onboarding
- 🌐 Individual development and career opportunities
- 🌐 Flexibility in a hybrid work environment allows you to combine your career, studies and private life

Compensation

We are legally required to mention the compensation for this position. We offer a minimum salary of €44.800 gross/year (38,5 hours / week, no All-in contracts) plus an employee bonus and numerous other benefits. Of course, we are adapting the compensation according to your experience and qualification.

Become an active part in the global trade world!
