

Your future at your fingertips: cooperative, international, global

Software Quality Assurance Engineer (m/f)

Headquarters Linz | Austria

MIC is the worldwide leading provider of global customs and trade compliance software solutions. More than 700 customers, in 48+ countries, on six continents, use MIC customs and trade compliance software.

Your job

Software Quality Assurance is your passion? Then you should continue reading: In this role you design quality assurance measures and implement them in an agile product team setting – always with an eye on test automation and the improvement of usability

- You carry out technical acceptance tests for new functionalities, upgrades and new releases of MIC applications - in an international project environment and with customer contact
- The creation, maintenance and monitoring of regression, load and performance tests as well as the continuous monitoring of the status is also part of your responsibility
- You control and expand both, our user as well as technical documentation
- You always focus on improving the usability
- In this position a close cooperation with the agile product team and the project department is essential

Your skills

- A degree in Information Technology / Computer Science / Business informatics (HTL, FH, university)
- Professional experience as a software developer or software tester is beneficial
- Knowledge of Java or any other object-oriented programming language
- Knowledge of relational databases (SQL, preferably Oracle database, PL/SQL)
- Distinctive interest in QA, proactive and structured way of working
- Good communication skills, team player
- Fluent in English, German Skills are a plus

Our offer

- Privately owned and permanently growing company
- World market leader with 8 offices, in 6 countries, on 3 continents
- Cooperative, appreciative and respectful teamwork
- International context with global players
- Professional on-boarding, MIC Academy training
- Various benefits

Compensation

We offer a salary according to your qualifications and experience ranging from € 2,570 to € 3,800 gross/month (basis: 38,5 hours per week; no all-in contracts) plus a general employee bonus and numerous benefits.

Become an active part of the global trade world – based at MIC Headquarters Linz!
