

Searching for Global Player: IT Systems Engineer (f/m/x)

MIC is the worldwide leading provider of global customs and trade compliance software solutions. More than 700 customers, in 55+ countries, on six continents, use MIC customs and trade compliance software.

Great opportunity for a technical generalist who sees the big picture and continuously strives for improving the system infrastructure on the one hand, and, who handles incidents successfully in a distributed cloud environment, on the other hand.

Your Job

- 🌐 Together with the customers and your colleagues from the MIC Software Support you analyse and solve complex technical errors
- 🌐 Continuous improvement is in your DNA: Monitoring processes, setting up automation of manual processes and alert management including root cause analysis and post mortems are therefore a central part of your job
- 🌐 You make sure that the MIC-software is rightfully deployed in various customer environments
- 🌐 Also, the Linux server administration and maintenance of Oracle databases is in your hand
- 🌐 Administrating the Java web application servers (Apache Tomcat, IBM Websphere, IBM Websphere Liberty, Oracle Weblogic)
- 🌐 Take over one "on call shift" (including weekends) once every three months (of course with adequate remuneration)

Your skills

- 🌐 Completed education in IT (vocational high school, university, FH)
- 🌐 High confidence working in Unix/Linux environments and a good understanding of networks and infrastructure
- 🌐 Good skills in Oracle SQL and Oracle PL/SQL, experience with the Oracle Database administration

- 🌐 Experience with operating distributed, Java-based software systems, a modern DevOps-focused toolset (e.g., Ansible, ELK) or Kubernetes is appreciated
- 🌐 Good analytical skills and the drive to learn and develop continuously
- 🌐 Fluent in English, further languages (especially German) are beneficial

Our offer

- 🌐 Privately owned and permanently growing company
- 🌐 World market leader with 9 offices, in 7 countries, on 3 continents
- 🌐 Cooperative, appreciative and respectful teamwork
- 🌐 International context with global players
- 🌐 Professional on-boarding, MIC Academy training
- 🌐 Various benefits

Compensation

We are legally required to mention the compensation for this position. We offer a minimum salary of € 45.050 gross/year (38,5 hours / week, no All-in contracts) plus an employee bonus and numerous other benefits. Of course, we are adapting the compensation according to your experience and qualification.
