

DEVELOP PIONEERING SOLUTIONS

FOR THE WORLD'S
BIGGEST BRANDS

Lead Software Engineer (f/m/x)

MIC is leading worldwide in the automation of global customs and trade compliance processes. With our software solutions, we ensure safe and efficient customs clearance within the legal frameworks for more than 800 customers - like VW, Zalando and IKEA on 6 continents.

Your mission

As a Lead Software Engineer in our product development it is your mission to continuously improve an environment where all team members feel valued, safe and motivated to grow and develop their strengths. You are leading by example and are continuously working on the betterment of the whole team.

- Aside from implementing new features you put an emphasis on the support and empowerment of your developer colleagues to reach their full potential
- You foster a productive environment where people feel motivated to collaborate, improve and drive innovation
- Our Lead Software Developers are constantly working on the betterment of the whole team and the development environment
- You coach, mentor and support all of your team members towards setting up and reaching their goals

Your skills and qualifications

- Great people skills to understand your colleagues issues and support them towards achieving their goals
- Very good Java and Database skills (preferably Oracle)
- Good skills in software-design and -architecture
- Experience with CI/CD-Pipelines (Jenkins, Bamboo, Gitlab-CI, Azure DevOps, etc.)
- Proficient in English (written & spoken)
- Completed education in IT and several years of relevant working experience in Software Engineering

We offer you

- Privately owned, stably growing world market leader with 11 offices on 3 continents
- International context with global players as customers
- Cooperative, appreciative and respectful culture based on diversity, equal treatment and fair pay
- International context with global players
- Your personal training plan, organized by the MIC Academy, as well as your mentor support your professional onboarding
- Individual development and career opportunities

Compensation

We are legally required to mention the compensation for this position. We offer a minimum salary of € 63.700,- gross/year (38,5 hours / week, no All-in contracts) plus an employee bonus and numerous other benefits. Of course, we are adapting the compensation according to your experience and qualification.
