

DEVELOP

PIONEERING

SOLUTIONS

FOR THE WORLD'S BIGGEST BRANDS

Software Engineer (m/f/x)

MIC is leading worldwide in the automation of global customs and trade compliance processes. With our software solutions, we ensure safe and efficient customs clearance within the legal frameworks for more than 800 customers - like VW, Zalando, IKEA - on 6 continents.

Your mission

Join us in fostering technical excellence and innovation by delivering valuable solutions ensuring MIC's services stay competitive and market-relevant!

- You are implementing and developing high-quality solutions and enhancing MIC's offerings to meet market needs by collaborating with various stakeholders within the MIC group.
- As a Software Engineer you will: Engineer and develop software solutions, data models (datasets) and automated test cases, engineer and develop web scraping with Python in an automated environment, generate creative and innovative ideas for new products or enhancements, create prototypes and conduct testing to validate product designs and functionalities

Your skills and qualifications

- Hands-on experience with web scraping using Python, Java/JavaScript, and SQL
- Bachelor's degree in software product design, engineering, or a related field and 3+ years of experience in product development or in a similar role
- Proficiency in product design software and tools
- Experience with ERP systems
- Knowledge of agile development environments (e.g., SCRUM, KANBAN)

- Strong problem-solving and analytical skills
- Excellent communication and interpersonal skills, Teamplayer
- Excellent project management skills, with the ability to prioritize tasks, manage multiple projects and meet deadlines
- Ability to work independently and in cross-functional, international teams
- Proficient in English (spoken & written)

We offer you

- Privately owned, stably growing company with HQ in Linz/Austria
- World market leader with 11 offices on 3 continents
- Cooperative, appreciative and respectful teamwork
- International context with multinational customers
- Professional on-boarding, MIC Academy training
- Individual career paths
- Various benefits: Bonus payment, annual leave, paid sick leave, provident fund, permanent employment.
